

An Open Letter to Doss Hardin NO. 6

Doss Hardin, Waco, Texas. Sir:

The other day when you spoke at Rockdale you were asked some questions. The old people wanted to know about the \$2 per head you attempted to collect from them through your Texas Pension Bureau in 1938.

You talk a great deal about your record, especially Senate Bill 9 which indirectly was the cause of many thousands of old people losing their pension.

The next time you make a speech in Milam County I wish you would read to your audience this comment from the Austin American of Dec. 29, 1938, and discuss it. The Texas Pension Bureau was no doubt one of the big things you have done to help the old people.

Here is the comment:

Doss and Ross, the Hardin boys, whose chief accomplishment to date seems to be that they were born twins, we see have started themselves an association of the old folks...

Doss, the senator, and Ross the representative, are adding another chapter to the already dippy-doo political year of Texas... They're organizing a lobby to set upon their fellow members of the legislature in behalf of a big pension for all the old folks, no mention of where the money is coming from to pay it...

One of our readers brings us a copy of a letter by which Doss and Ross "put the bee" on the old people for the money to carry on a radio harangue about the pension during the forthcoming session of the legislature...

Doss and Ross state plainly in the letter that they get only \$10 a day for serving as members of the legislature, and that they need the money to carry on their campaign for the pension... "If you are unable," they say in the letter, "to send the full \$2 for your Annual Membership card, send in what you can, and pay the balance in as you can, by the week"...

Doss and Ross further say that they "want to do away, immediately, with the present administrative commission in Austin"... All the ills of the present pension system, Doss and Ross lay upon the commission... Now, boys, is it the law that the commission administers, or the commission?... If it's the law looks like you ought to take it up with your brethren in the legislature... If it's the commission, it appears to us that you wouldn't have much trouble straightening them out for not following the laws...

Doss and Ross further tell the aged that in due time they probably will ask them to send letters to representatives and senators... Doss and Ross, it appears, are getting all set to "bore from within" on the legislature about this pension business...

Doss and Ross' organization, we'd say, is a sort of upper crust first cousin of the recently organized Texas Pension Union, which for some time now, between times of fighting Ed Clark because he wouldn't grant it a charter, has been putting the tap on the aged for a dollar a head with the avowed purpose of getting them \$30 a month whether they need it or not...

Doss and Ross at least have made their club more exclusive, and set the tax at \$2 a head instead of \$1... and they're a bit less brusque about the way they ask for the money, too, than the Pension Union is...

We are reliably informed that there are 280,000 people in Texas over 65, of which 114,000 are on the old age assistance rolls... Supposing that these two great humanitarian souls, Doss and Ross, should collect \$2 a head from each of those over 65... They would have a gross of well over a million dollars... But supposing they got in only a fourth of them... That would be around \$140,000... Now if that came to pass, Doss and Ross wouldn't be a bit cramped (Turn to page 6)

HEAVY PRIMARY VOTE DUE

CAMPAIGN TO CLOSE HERE FRIDAY NIGHT

The Grand Finale of the 1940 political campaign will see thousands of voters on the Court House Lawn in Cameron Friday night, July 26.

Chairman John B. Henderson is bringing the big show to a close with an arrangement which is considered the largest and most interesting gathering of the entire year. The speakers stand will be erected on the east side of the Court House where candidates will have their last say before the battle of ballots on Saturday.

The people of Cameron decided by overwhelming vote to stage the show on Court House Lawn as against the Athletic Field and much attention is directed to the rally on Friday night.

On Saturday night returns will be announced from the Court House.

Tournament to be Finals in Softball Played Tonight

The second round games of the softball tournament furnished the spectators with two close exciting contests on Wednesday night.

The Coca Cola bottlers continued to play good ball and upset the Palace of Sweets loafers by a score of 16 to 5. Orsag was the winning pitcher.

The second game proved to be the best ball game of the season. The fighting Dr. Pepper crew got off to a good start but were slowed down by the Markham boys in the last two innings when they won the game 6 to 4. Cecil Tindall pitched for the Markham crew.

Tonight there will be only one game between Coca Cola and Markham, to decide the winner of the tournament. It starts at 8 p. m.

On Friday night there will be no games but Monday night will start the second half of the softball schedule.

Salary Aid Grants Will be 100 Per Cent Says L. A. Woods

State Superintendent L. A. Woods announced today that Rural Aid Schools can expect 100 per cent payment on Salary Aid grants for the coming year on the same basis as was paid for the past year. Thus, the 4023 schools participating in this fund will be able to determine before the opening of the 1940-41 term how much to budget for the approved items of expense in order to pay the teachers in full.

The forms to be used in making application for Equalization Funds will reach the County Superintendents within a week, Woods stated.

WOODS ANNOUNCES TUITION PAYMENT

State Superintendent L. A. Woods announced today that the first payment on High School Tuition will be made in a few days and that the payment will be approximately 90 per cent of the approved claims.

Liquor & Beer Houses Cautioned Regarding Opening and Closing On Election Day

Meade Miller of the Liquor Control Board was in Cameron Wednesday and requested publication concerning the law which prohibits the sale of beer or liquor on election day.

In order to avoid any errors or misunderstanding all beer and package store operators should remember that while the polls close at 7 p. m. no place selling liquor or beer is allowed to open under law until 8 p. m., one hour after the close of the polls.

George Leath is critically ill at his home and the family plan to remove him to a sanitarium in San Antonio shortly. Patrons of Mr. Leath's newspaper route are asked to bear with him in the present crisis.

L. W. Raley of Briary was a business visitor in Cameron Thursday.

U. S. GOVERNMENT STOPS OIL SHIPS

More than a thousand French officers and soldiers lost their lives today when a German submarine torpedoed a transport ship somewhere off the coast of England.

The ship was loaded with French soldiers leaving England and returning to France because they had been released by the British government.

According to a German statement the German government took full responsibility and admitted the ship was torpedoed. The submarine commander gave the ship's crew only five minutes to abandon ship. This is one of the major marine disasters of the war.

Five German planes were shot down over Britain today.

The Rumanian minister to London was called home early Thursday.

Three oil tankers in Port Arthur were refused sailing orders today by the United States government. The ships were loaded, destined for Spain.

One thousand British children were due to arrive on commercial ships from Great Britain.

Stedman Team Leads In Girl Softball

The girls softball games of Friday night were witnessed by the largest crowd of the season. The first game was played between the Horned Frogs and the Midgets. The Horned Frog lassies were victorious 15 to 9.

The second game of the evening was between Lucille Stedman's girls and Elsie Hrozek's team. The Stedman crew had too much class and won their fifth straight game. Adele Slama was outstanding for the Stedman team. The score was 16 to 5.

The final game of the evening was between Laake's sluggers and the NYA girls. The Laake crew continued their heavy hitting to pile up 24 scores while the NYA girls were making 5.

Mabry's work for the Laake crew was outstanding. The NYA girls were at a disadvantage in that they have not had an opportunity to practice.

FAMILY REUNION

The John Matula family held a family reunion over the past week end with all their children present: Albert Matula and family of Cameron, Arthur J. Matula and family of Shreveport, La., Mrs. M. M. Swain and son of Sweetwater, Eugene B. Matula of Houma, La., and Mrs. Victor N. Hinds and children of Needles, Calif. On Saturday night the family enjoyed a barbecue in the Wilson-Ledbetter Park.

TEMPLE PASTOR TO PREACH IN BUCKHOLTS

Rev. Joseph Hegar of Temple will preach at the Czech Moravian Church in Buckholts on Sunday, July 28th, at 10 a. m. Everyone is invited to attend the services.

Miss Mary Randolph who is attending school at San Marcos for the summer term, spent the week end here with her mother, Mrs. Tom Randolph.

Miss Mary Ellen Manning left Cameron Wednesday for Washington D. C., in answer to a telegram that she had received telling her of appointment as clerk in Government work, having passed an examination in civil work some time last fall. Her many friends wish for her a pleasant position.

Miss Martha Lee Werner is visiting her aunt, Mrs. Paul Porter in Calvert this week.

Miss Tab Robinson left Sunday for Houston to spend a month with her sister, Mrs. Mattie Jones.

Mrs. Ida M. Kilpatrick of Graham is visiting her daughter, Mrs. H. C. Tindall who is recuperating from a recent operation at Hillcrest hospital in Waco. Additional guests of Mrs. Tindall for the week end were Mr. and Mrs. Odus Tindall, Monroe

C. M. SESSIONS DIES IN AUSTIN WEDNESDAY

C. M. Sessions, 69, of Rockdale died suddenly in Austin from a heart attack last Wednesday afternoon.

Mr. Sessions was standing on a street with Mrs. Sessions, talking to friends when he suddenly collapsed and died.

The body was returned to Rockdale Thursday for interment on Friday, July 26.

Mr. Sessions, former operator of the Rockdale Oil Mill, was a retired business man and had been prominent in that city for many years.

Funeral services will be held from the residence in Rockdale at 5 p. m. Friday with interment in Oak Lawn cemetery.

He is survived by his widow; one brother, Dr. I. P. Sessions of Rockdale; and three sisters, Mrs. J. A. McGee of Corsicana, Mrs. H. P. Brakley of Ennis and Mrs. J. A. Lackey of Rice.

AGED MAN DROWNS NEAR THORNDALE

Joe Winters, 80, was found dead in a stock tank near Thorndale Friday morning.

The tank located on the farm of Paul Waiser had been filled by recent heavy rains and the aged man is believed to have fallen into the deep water as he walked along the dam.

Due to advanced age and weakened condition Mr. Winters was believed to have drowned quickly.

Mr. Winters had been a resident of Thorndale for the past 25 years, living with relatives. He had never married.

COURT HOUSE LAWN RESERVED FOR ADDRESS

Seating and platform arrangements were completed shortly afternoon today by friends and supporters of O. H. Cross for his address on the court house lawn at 8 o'clock tonight.

The former Congressman is in Rockdale and Thorndale this afternoon for speeches.

Mr. Cross retired from the Congress four years ago and now returns for re-election to his old place in the national assembly.

Mr. Cross promises a frank discussion of issues and charges that have been made during the campaign.

AIR FORCES SWAP BLOWS IN WAR

Censorship was imposed today on war news from Britain and Germany regarding exchange of terrific blows from the air in the bomb warfare which is said to be taking a heavy toll on both sides.

German bombing planes flew nearer London when they bombed air bases near the capital.

On the whole the battle was described as an exchange of blows between the air forces of the two countries.

Rumanian statesmen were invited to sit with the Reich and this was regarded as a possible effort to solve unrest in the Balkans and bring about a more stable German and Italian influence.

The United States Government today filed protest with Soviet Russia denouncing the policy of the Soviet Union for the taking over of Latvia, Estonia and Lithuania.

It was one of those periodical milk and toast notes that the present United States Government has been writing over a period of months, following the outrages in Europe and Asia.

Mrs. George Childress, Sr., who suffered a stroke last week, is said to be some better, but quite ill at her home 410 North Central. Many friends in Cameron and over the state hope for her recovery.

Mrs. Mattie Shepherd left last week for a summer visit with Mr. and Mrs. Bob Barnett in Baytown.

Nancy Newton of Austin visited her relatives in Cameron Sunday.

32 HEAD OF CATTLE KILLED ON SMITH FARM

Warning to livestock owners was issued here shortly after noon Monday by Special Ranger J. C. Perkins who is employed by the Central Texas Livestock Association and Deputy Sheriff C. D. McCall who early today completed investigation following the loss of 32 head of cattle by Arthur Smith in the Gay Hill community.

The officers who gave the story to the Daily Herald said that the cattle had died from arsenic poison when they drank water from a dipping vat on the Smith farm.

Officers were called to investigate when Mr. Smith could not explain the mysterious loss of 32 head of fine cattle.

Also the Smith farm reported the loss of 50 head of turkeys.

A bottle of water from the dipping vat was taken to A & M college where it was analyzed by Dr. A. C. Dunn and was found to be heavily impregnated with arsenic.

The officers said that livestock owners in all sections of the county should take immediate steps to forestall the possibility of poisoning from these vats.

The vat on the Smith farm had not been used in ten years but the presence of arsenic was so strong in the water that authorities at A & M college said there was enough poison to kill all livestock in Texas, the officers reported.

Old dipping vats long out of use are dangerous and many of them have been filled by recent rains and this warning is issued to livestock owners in the hope that none will experience the misfortune that has befallen Mr. Smith in the loss of his livestock.

A tank nearby the dipping vat on the Smith farm is said also to have been poisoned when water overflowed the vat.

STALIN MAY MOVE TO AID GERMANY

Finland was reported to have received an ultimatum from Russia demanding immediate demobilization. This report was denied from Stockholm.

Russia was believed to be moving still further into control of the Baltic Sea in cooperation with Germany and it was believed that the movement on the part of Russia was a direct aid to Germany to obtain the output of nickel and other minerals in the area.

The long expected blitzkrieg against Britain appeared to be taking form today when 100 German bombing planes flew over the Isles in the most intense air battle of the war.

British air ministry said that 10 German bombers were shot down but gave no indication of how many planes the British had lost.

The British air force in the most intensive air bombardment of the war against Germany, dropped thousands of bombs all the way from Norway to France with reported great damage to military objectives and concentrations, believed to indicate an immediate invasion of England.

All eyes were turned on the Pan American Conference in Havana where Secretary of State, Cordell Hull, had supplemented cash to the extent of nearly \$500,000,000 for work among Latin American and South American countries.

It was said that a real problem had arisen in the Conference because of the attitude of Argentina, already believed to be under German and Italian domination.

The American Government like that of Great Britain has been wasting its time and is without preparation for what has happened in South America.

T. J. O'Neill returned Friday after visiting relatives for several days.

FULL VOTE EXPECTED IN SATURDAY POLL

Saturday, July 27, voters in Milam County and Texas will go to the polls to register their choice of nominations for the November election.

On the eve of the Primary indications are that Milam County will poll a full vote.

There is some speculation on the number reaching 8,000. This would be in excess of any previous poll and poll taxes in the county do not indicate that such a vote is possible.

The campaign has been one of unusual interest with prominent faces in the political picture.

The number of candidates is unusually large and this with other factors will no doubt bring out a heavy vote.

The polls will open at 8 o'clock and will close at 7 o'clock.

John B. Henderson, Democratic Chairman, early this week completed all arrangements. Results will be telephoned to his quarters in the court house and will be announced to the people.

The big election party on the court house lawn on Saturday night will bring many thousands of people to Cameron.

ROOSEVELT IS NOW DEMO DICTATOR

Franklin D. Roosevelt became dictator of the Democratic party if not the absolute master of America Thursday night when he forced the nomination of Henry A. Wallace, farm chief.

Mr. Roosevelt had only recently placed two life-long Republicans in his cabinet, Secretary of the Navy, Knox and Secretary of War Stimson.

Mr. Wallace is a life-long Republican and before he became a member of the cabinet was publisher of a farm paper in Ohio.

Democrats who protested the Roosevelt power to control the convention were whipped in line only partially because Speaker Bankhead and James A. Farley together received over 300 votes.

There will be considerable revolt in southern states over the action of the party which is no longer a responsible cross section of the type of Democratic Party many living voters have known.

Mr. Roosevelt has accepted the nomination but disclaimed any responsibility for a precedent over the third term.

He said the nation is in grave peril and no man has the right to refuse to serve when he is called.

The Democratic platform will have a plank against participation in war but many believe that Roosevelt will lead the nation into war early next year, everything depending on the developments in Europe.

COURT HOUSE LAWN WINNER IN POL.

Tabulation of the votes taken on popular selection of the place for the last night political rally will be held on the Court House Lawn.

The vote was 150 for holding the speaking on the Court House Lawn and 20 for holding it on the Athletic Field.

John B. Henderson, chairman of the Democratic Executive Committee, resorted to the poll as a means of obtaining public sentiment.

The temper of the people could hardly be questioned following such a decisive vote and all has ended well with everybody satisfied and deserved deference shown the interest of Cameron business men.

for funds because they just get \$10 a day for serving in the legislature. They could get on the radio, with swing and hillbilly music thrown in, enough to try the ear drums of even the remote parts of the state.

Add the potential take of Doss and Ross with their pension association to that of the Texas Pension Union and what a fat bank balance you'd have—all of it milked from the aged with the very remote and doubtful possibility that either organization can come anywhere near to doing what it proposes in its propaganda to do...

We doubt that enough of the old folks are going to be suckers long enough to keep paying the ante when they find that such organizations, associations, unions etc., really can't make anybody give 'em a pension and that they can't put a finger on the legislature and have it, quaking in its boots, vote any big pension for everybody over 65.

From the way these organizations are springing up in the hope of reaping in money by the fistful of the glowing picture of a big pension, it appears that it soon is going to become necessary to put in rules of proration on the old folks.

Or maybe one of the very best things the legislature could do when it starts to consider the pension problem, would be to have a thorough

investigation of the Texas Old Age Pension Bureau, the Texas Pension Union and other kindred organizations—just so everybody can have a good look at the way they operate, how much money they get and where it goes.

NO. 7

July 23, 1940.

Doss Hardin,
Waco, Texas.

Sir:

You have misrepresented and misled the people in your speeches about Senate Bill 9 which you claim has greatly benefited the old people.

It should be enough to convince any intelligent voter to expose the campaign methods you used in 1938 to get elected because you promised the old people \$30 per month and even went further quoting the Colorado plan of social security.

At the time you were making that campaign all informed people knew that the state of Colorado had been forced to recede its ill advised social security law because the state could not pay the amount of \$45 per month as authorized.

In 1938 three years after the Constitution had been amended the limit that could be paid to anybody over 65 years of age was \$15 per month, you promised \$30 and the Federal government laid down the conditions under which old age assistance was to be paid and you knew then and the people know now that any bill to liberalize old age pensions is of no effect until Federal Government will agree to meet such

liberalization. So your Senate Bill 9 must now be examined.

You have been telling the people how you have kept the faith. I say you have misled them and deceived them because Senate Bill 9 which was an amendment to the Old Age Pension law makes no material change whatever and did not and can not give the old people any relief whatever.

Text of these bills are too lengthy to be included in this open letter but copies of these bills are on file at the Herald office and may be seen by anyone who thinks enough of your campaign to investigate them.

It can be readily seen that the only amendment in section 3 is that subsection G has been omitted and the only change made in this section is that the ability of children and relatives to support the applicant should not be considered and the life insurance policies up to \$1,000 should not be considered, but that the ability of the husband or wife to support the other is still taken into consideration in your Senate Bill 9 and therefore no relief is given as you try to make people believe in your campaign speeches.

Senate Bill 9 of which you were the author is a very clever attempt to fool the people into believing that the author intended to liberalize the pension law.

During your campaign you repeatedly advocated changing the pension law to do away with need as a requirement and promised everyone over 65 years of age a pension.

You ran on a platform of doing away with inspectors and examiners while the very law that you now rave so much about and that you so proudly own does not attempt in any way to do away with these investigators. In other words Doss they are still authorized by your old age pension bill.

Your Senate Bill 9 provides for pensions based upon earning capacity of old people which means physical and mental ability to hold a job or to earn regardless of whether a job is available or not. Your bill still provides for the payment of pensions based upon need and therefore you have not liberalized the law in any degree commensurate with your campaign claim.

I quote from bill 9, "If from all the facts and circumstances the applicant does not appear to be in a needy condition assistance shall be denied."

This is your own bill and now you go about the district claiming to have fixed the law so that old people regardless of any circumstances are to receive their pensions.

So it is plain that Senate Bill 9 of which you are the author and which you now claim fulfilled your promise in 1938 provides that only people who are paupers and mentally disabled would be entitled to receive old age assistance and under this law in Texas have been reduced approximately one-half.

I hope we may always have newspapermen in Texas who will tell the truth; who will blast every unscrupulous politician.

It is wholesome to have frank discussions. The people have no way to find out these facts and I am glad to give them to the people at my own expense.

Senate Bill 9 indirectly was the cause of many thousands of old people being reduced to want because they lost their pensions.

About all they have to remember in the way of benefits is an empty promise provided they send you \$2 per head.

Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative," that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

To the People of Milam County:

I regret the necessity to call your attention to a rumor which has been circulated.

Rumors of this kind are often found in campaigns for sheriff. It has come to my attention that someone is responsible for a rumor to the effect that I have already selected deputies to serve under me when I have been elected sheriff of Milam County. Of course this is entirely false. The person or persons who circulated this report are ignorant of the law.

Candidates for office can not under the law promise anybody anything in advance of their election but regardless of this I have given no thought to any such matter and when you hear this report you will know that it is false.

When I am elected sheriff and not until I am elected sheriff will I give any consideration to the naming of deputies, but I assure the people that I will be most careful to pick men who have the confidence of all the people and who will meet the high standards that I have set for my services as sheriff.

I entered this race clean and without obligations to anybody, and I will close this race on this principle.

I am deeply grateful to the people of Milam County for their kindness and consideration shown in every place I have visited.

I may not have seen each voter and I take this opportunity to ask you for your vote and support.

OF McLENNAN COUNTY

Candidate For

STATE SENATOR

Will greatly appreciate your vote and support on SATURDAY, JULY 27.

I am deeply grateful for the many friends and the support of so many people in Milam County.

Due to the size of the district and the limited time I have had to make the canvass, I have been unable to be in Milam County as much as I desire.

The people of Milam County are friendly and considerate and I want to remember each one and when I am elected to the Senate I am going to spend a great deal of time in Milam County visiting with my many friends.

My platform when summed up in one word is co-operation.

Texas needs men who will co-operate. There are no problems that can not be solved in a few days in the Legislature.

It is shameful to see the delay that has ensued when duty is plain and the people demand action.

I want your vote and I pledge you your confidence will never be violated.

NELSON GREEN

Wants to Move District Attorney's Office Back to The Court House

Nelson Green, candidate for Criminal District Attorney of Milam County, was born and raised in Cameron, where his father and mother have lived for over forty years of their life and where he practices law. He will be thirty two years old next month, is married, and has a little baby girl. He has a law degree from the University of Texas, having worked his way through law school.

The office of Criminal District Attorney is a very serious office and its responsibilities are great. Mr. Green realizes the seriousness of this office and its importance to the people of Milam County. His

administration will be one of justice and equality to all. He will fulfill every duty of the office so that he can merit and be worthy of the trust and confidence that the people of Milam County place in him.

If elected Mr. Green will use the District Attorney's office in the court house which has been built by the people of Milam County to house all county officers. He says this because the present District Attorney, Mr. Morrison, has moved the District Attorney's office out of the court house into his home. The people of Milam County have been accustomed to carrying their county business to the court house and Mr. Green does not believe that at this time they should be forced to carry this business into the residence of the office holder.

Mr. Green thanks all the people of Milam County for their many kindnesses during the campaign. He will appreciate your support for the office of Criminal District Attorney and will show this appreciation by staying on the job as long as it takes to get work done.

CELEBRATES 13TH BIRTHDAY

A TRIBUTE

On Friday morning, July 12th, at 6:30 the news was quickly flashed over Milam County and points elsewhere that Mr. Randolph Tyson had passed on. It was not a surprise to his close friends that had known him well for they knew that he had been in failing health for the last ten years.

Mr. Tyson was born 63 years ago near the town of Maysfield, being the son of the late M. V. Tyson, a prosperous and well to do Planter of that section. He grew to manhood in this community and attended the Public Schools there. He later went to Texas A & M College at College Station to complete his Education. After completing his Education he was engaged in the pursuit of farming.

Feeling the call of public service he offered himself as a candidate for the Legislature in 1914 and was elected. He served his constituents of Milam County with honor. During the time he served in the Legislature he was very much interested in the Penal and Eleemosynary Institutions in the State of Texas and often conferred with the late Governor Colquit on their problems. He became interested in Law Enforcement and in 1916 offered as a candidate for Sheriff. He met defeat. In 1918 he again offered for Sheriff and was defeated again. In 1920 when the late Joseph Weldon Bailey visited Cameron as a candidate for Governor he was introduced by Mr. Tyson. Many that were present state that his introduction was a fine address. In 1922 he ran for Sheriff and was defeated. In 1924 he received a petition from many voters asking him to offer his name as a candidate for the Legislature but he refused. At this time being a strong opponent of the Klu Klux Klan he made speeches against them and helped bring about their defeat in 1924. In 1928 he again offered for Sheriff but was defeated. It might also be said that he was a devout follower of James E. Ferguson and introduced him on many occasions to the citizenship of Milam County.

Later Mr. Tyson removed to Austin where he remained a few years being engaged in business activities. He then returned to Milam County in failing health where he remained to the time of his death.

It was a pleasure to have known Mr. Tyson as the writer did. One of his traits that I loved most was that he valued true friendships more than anything in the world. I would like to mention some friendships that he cherished. He often told me that the late Hon. T. S. Henderson was one of the most brilliant characters that ever lived. He said that whenever an opportunity offered to be near Mr. Henderson he did so, because there was so much knowledge to be learned at his feet. He loved and honored the late Judge W. C. Davis of Bryan stating that his public record was outstanding. He admired Judge W. G. Gillis, Dr. J. S. Hubert and the late John Brock. He told me that he enjoyed conversing with J. B. White on the public issues of the day even if sometimes they did not agree. He sincerely loved Bill Alex Bonds.

In the passing of Mr. Tyson, Milam County has lost a good citizen and a brilliant character. Mr. Tyson was a sincere Christian having united with the Presbyterian Church at an early age.

He is survived by three sons; Roy, Carl and Billy; three daughters; Mary, Jennie and Eunice; his widow; his sister, Mrs. J. C. Edds of Heiden-

heimer and a brother M. V. Tyson of Austin.

He was laid to rest in Pebble Grove Cemetery, at 10:30 a. m. with Rev.'s Acree and Bailey in charge of the service. Honorable Eugene Wallace of Cameron paid a beautiful tribute to his memory.

"Earth to earth, and dust to dust, Calmly now the words we say, Left behind, we wait in trust For the resurrection day.

Father in thy gracious keeping Leave we now thy servant sleeping."

A FRIEND.

YOUNG POLITICIAN IN CAMERON

Francis Lee (Bobby) Matocha, youngest son of Mr. and Mrs. B. P. Matocha formerly of Cameron, starts politicking on a large scale. He came from Austin to Cameron on his bicycle distributing literature, and tacking placards in different towns for his candidate for governor, Harry Hines.

Young Matocha says his ambition is to be a big politician like his dad and hopes there will be men like Harry Hines to make the governor's race.

VOTE FOR TEXAS and MIRIAM A. FERGUSON For Governor

There is No Substitute for Experience

"THE FERGUSONS KNOW HOW"

The Ferguson's Favor:

1. Franklin D. Roosevelt for President of the United States.

2. Immediate and adequate provision for Social Security obligations and Old Age Pensions.

3. Payment of Pensions to everybody alike up to \$15.00 per month just like you voted in 1935. Co-operation to obtain all possible Federal funds to supplement Texas money.

4. Levy of a gross receipts tax of one half of one per cent, without burden on any group of people, for the payment of Social Security and Old Age Pension obligations. This tax will yield Fifty Million Dollars but will be so distributed that no one will be penalized.

They have always kept their word. They will get the job done.

(Political advertisement paid for by Friends of Mrs. Miriam A. Ferguson.)

5. Will reduce the cost of Texas government Twenty-Five Million Dollars, or 25 per cent.

6. Removing discrimination against persons who have reached the age of 45 years that they may share more fully in jobs and benefits while they are yet burdened with taxes and the expense of rearing families.

7. Loans at low rates of interest to farmers for purchase of homes.

8. James E. Ferguson was the first governor to appropriate a Million Dollars for Rural Schools. They favor liberal appropriations for common schools and higher institutions of learning. "Let us buy all the education we can pay for."

Check Those Gutters and Downspouts Before the Fall Rainy Season!

Leaky, rusty gutters and downspouts are an eyesore at any time... but they're especially noticeable in fall, which is usually accompanied by heavy rains. Why not have us examine your home's rains spouts and make all necessary repairs now, before hand? It will not only make your home look better but wear better as well. And you'll find the cost surprisingly reasonable!

No Time For Brickbats

By REV. T. F. O'SULLIVAN

The fact that we have come to a moment of crisis—perhaps desperate crisis—in the history of civilization, is no reason why we should lose our emotional equilibrium. Thank God, we are as yet spectators. Pray God we shall get no nearer to the war than we are now. But a good many of our fellow citizens, are already badly rattled. They are showing signs of something close to hysteria. They are acting and speaking crazily. The customary epithet just now is "Isolationist!" or on the other side, "Interventionist!"

"Isolationist" means a cowardly, selfish person indifferent to the woes of Europe and unconcerned about humanity at large. And "interventionist" means warmonger the man who thinks we should go pell mell, head over heels into this war and every other war in Europe, Asia or Africa.

The present is no time for throwing such verbal brickbats? They say that when the Goths came for the first time to the gates of Rome, the senators continued to debate in the Senate Chamber. Nero fiddled while Rome was burning, and the Senators were "chewing the rag" when Rome was on the point of being stormed and pillaged.

That was many hundreds of years ago, but the breed of politicians seems not to have improved with time. Hitler, now somewhere behind the lines of the modern Goths' hearing that Senators and Congressmen are shouting invidious epithets at one another, instead of getting down to business of defense, must say "Easy! Too Easy! It simplifies my job immensely."

Genuine patriotism should induce our leaders at Washington and elsewhere to stop squabbling. We have before us the example of England. She is in a bad way for many reasons, but not the least cause of her predicament is her habit of "muddling." We not only muddle, but we bicker. We may lose our freedom if we don't stop muddling and bickering. If we do not get wise to ourselves, we shall be "sunk" deeper than France or England.

The meanest and nastiest form of Epithet is not "isolationist" or "interventionist." It is the phrase "playing politics." Recently when a perfectly capable observer made a radio speech in which he told some cold facts about the insufficiency of our equipment in the air compared with that of Germany, there were those who damned him with that phrase "playing politics!" His accusers seem to forget that he never had and never sought political office, and that of all men in the public eye he has the least obvious desire to be in politics. To make the matter worse, he had told the same story of our unpreparedness two or three years ago, and we did nothing about it. If the real politicians would strike their breast with compunction and get busy, they might still repair the damage they have done. But if they do nothing but hurl epithets, we shall be easy victims of any conqueror that comes along.

Such epithets should be banned in a "Democratic Country" whether it be in County, State or National elections.

MORE GOVERNMENT JOBS OPPEN

The United States government has added more positions for qualified workers on the defense program. Joe Matula gave the following list to the Herald:

Boiler maker, ship fitter and boat builder (Hawaii.)

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.

SAYS RUSSIA NOW FIRM REICH FRIEND

Addressing the German Reich, Chancellor Adolf Hitler at noon Friday said he hesitated to being destruction of the British empire until he had forewarned the English of what is to happen unless they surrender.

Hitler said the leaders of England whom he excoriated as contemptible politicians would not remain in the British Isles to witness the destruction, but when the bombs begin to fall they will flee to Canada.

Hitler said he was in a position to discuss peace because he is the victor and England and France are the vanquished, therefore he said peace on German terms preceded by surrender of England are the only two conditions which can avert the certain destruction of the British Isles and the dismemberment of the British empire.

The British empire will be broken to pieces and destroyed, he said.

The German army is stronger today than ever before, said Hitler.

Destruction such as the world has never known and the horror of which is inconceivable, awaits the people of England, all because the politicians will not do what Hitler says. That in substance was the threat of the Dictator who spoke to the Reich to sum up the achievements of Germany in the war thus far.

Hitler appraised the alliance with Italy and said the two powers will complete the re-organization of Europe and that all raw materials and food necessary for a longer war are secure to Germany.

He did not indicate when his blow would fall but it has been customary for Hitler to make a speech preceding every important decision in his career.

No one believes the British Isles can be saved from destruction because the British are incapable of speedy action. It is their nature and they will be destroyed for they have made no provision, it was the belief of many neutral observers.

Hitler announced that he had reached an understanding with Russia and that it will be impossible for any nation to stir up strife be-

tween the Reich and the Soviet Union.

He also said that an understanding had been reached with Turkey and Rumania.

Thus it can be seen that Italy, Russia and Germany are in a gigantic combine to wipe out the last vestige of Democracy in Europe.

GUESTS OF MARLIN B & P W CLUB

Seven members of the local Business & Professional Women Club attended a health program given by the Marlin Club on Monday night at the Marlin Country Club. Dr. J. W. Torbett, leading physician of Marlin, and several speakers from the State Health Department, gave interesting talks.

A delightful hot dog supper and iced tea was served to the guests.

RECRUITING OFFICER IN CAMERON FRIDAY

The local recruiting officer, Sergeant R. W. Cash, will be in Cameron on Friday, July 26.

All those desiring to enlist or find out information concerning army service should see Sergeant Cash at the Post Office.

The health unit arranged by the City of Cameron and the Commissioners Court is now in operation.

Inspections of slaughter pens resulted in closing of one. It was said that inspections are being made in other places with the view of correcting existing unsanitary conditions.

Deserves Promotion Says Estimate of Jack Lewis, For District Judge

Jack Lewis, candidate for District Judge, has proven his qualities in a distinguished record of public service and now asks the award which is promotion.

As Criminal District Attorney for Milam County, he wrote one of the most brilliant chapters for high efficiency ever achieved by any official in the State of Texas.

Having attained these distinctions it is well that his qualifications be recognized by promotion to the high office of District Judge, his many friends point out.

His life, his training and experience represent the highest possible standards, and his election would bring to the county and state one who would grace the bench and justify all faith in such an expression of confidence on the part of the people.

A lawyer with ample experience in long practice before the bar of Texas he meets every demand for the high office where legal knowledge and training are so essential. As a citizen his life has touched every phase of community and county interest and his friends claim for him the highest degree of understanding of the problems common to all the people.

As District Judge, Mr. Lewis would bring to the office all of these distinctions of character and experience and his many friends and supporters

are in common accord on the advantages that would come to the people in the event of his election.

Mr. Lewis, a native born and reared citizen of Milam county, grew up under the pressure of hardships, obtained his legal training through sacrifice and every step in the long way of progress that has brought him to his present position of esteem among the people, has been punctuated with the sort of struggle that solidifies character and builds integrity.

Mr. Lewis was married in 1926. He and his wife have four children and the family has a place of esteem and abiding affection among the people of their home community of Cameron.

Experience Brings Qualifications for Service, Bonds Says

To the Voters of Milam County:

On July 27th, you will have the privilege of casting your votes for the man of your choice, to fill the various State and county offices, who will serve you for the next official terms.

I am a candidate for re-election to the office of Assessor and Collector of Taxes, of your county, and shall very greatly appreciate your votes and influence, at this election.

I was born in Milam county, where I have lived all of my life. My mother died when I was a child, and my father, being a man of very moderate means, I have had to work and earn all that I have ever had. In this, I was not as fortunate as my honorable opponent.

I worked on a farm from the time I was old enough to perform labor, until 1910, when I moved to Cameron, in your county; here, I did any kind of work that I was fortunate enough to get, until 1914, when I offered as a candidate for the office of Tax Collector of your county. I was elected to this office at that time, and served you as your Tax Collector until 1924 and during my service, I had three opponents in five races. You, of course know that making a race for office, with or without opposition, is very expensive. I retired from this office in 1924, voluntarily, and ten years later, in 1934, when the new office of Assessor and Collector of Taxes was created, I was induced by friends, to make the race for the new office, and through the kindness and consideration of you, Milam county voters, I was again elected, and have served you three terms, and am now offering for a fourth term. During the time I have served you since 1934, I have had three opponents, and in one campaign we had a hotly contested second primary.

The office of Assessor and Collector of Taxes, is one of the most important, and most responsible offices within your county, because it is that office which receives and disburses approximately \$350,000 per year, all of which is divided and paid into the various funds provided by law; viz:—the State ad valorem,

the county ad valorem, the various roads and school districts of the county, the beer, wine and liquor license, and fees received from the registration of cars and trucks, to be divided between the State Highway Department and your county, to be used by your commissioners for the upkeep of your roads.

With the experience I have had in tax matters and tax values, and the knowledge I have acquired concerning the assessing of taxes, through my association with tax assessors, with respect to handling the office of assessing and collecting taxes, I have been able to set up a splendid system of operating the combined offices of assessor and collector, and have on numerous occasions, received letters of commendation from the State Comptroller's Office, after the State Auditors had audited my report, and have been complimented by this State Department for the accuracy and completeness of my records and reports.

My opponent has told you many times, in this campaign, how much I have received in salary, during my tenure of office. I am sure you know, and have always known, that the office pays a salary. I am exceedingly grateful for the privilege you have granted me to hold this office, and to draw the salary that accompanies it, and I have, at all times, tried to earn this salary, and have appreciated it.

I have no desire to be personal in this campaign, or to do or say anything to discredit my opponent, and I have not checked up on his financial condition, nor on the amount he has made and received during the time I have acted as your Tax Collector, during a part of which time he was in the hardware business, and a part of which time he was receiving a salary as well as rent from his farming interest, I believe I would find that he has made and had, much more money during the time I have served you as Tax Assessor and Collector, than I have been paid in salary from that office.

I feel that my experience in this office fully qualifies me to efficiently perform the duties of the office, in every respect, and if you think I have done my work well, and that you can continue to rely upon me to do my work well, then I ask you to continue me in office, by giving me

your votes on the 27th of July.

I wish to express to you my sincere thanks and appreciation for the confidence you have placed in me in the past, and if you can again honor me with your support, I shall endeavor, to the very best of my ability, to be worthy of your trust.

Gratefully yours,
BILL ALEX BONDS.

U. S. MARINE CORPS INCREASED IN SHANGHAI

The United States government today strengthened its patrol of the American marines in Shanghai in the face of growing Japanese bitterness.

The Devil Dogs, United States trouble shooters in all parts of the world, disembarked from an American war vessel and immediately took up positions in the International Settlement.

At the same time the United States marine corps moved in greater numbers into Shanghai. American citizens in China sent a mass appeal to President Roosevelt for protection.

Lord Halifax, the British foreign secretary, will deliver an address to the English Parliament at 4 o'clock this afternoon.

It is believed the address will be a direct reply to Hitler's offer of peace. British rejection has already been made certain.

Early today German bombing planes swarmed over Scotland and England but little damage was reported at the noon broadcast. Italy claims successes in the African fight.

There was growing belief that Russia was gradually moving into control of the Balkans because Rumania has been asked to adopt a government similar to Estonia, Latvia and Lithuania.

Mrs. Sam Craig and two daughters LaVerne and Dolores of Brenham, are visiting in the home of Mrs. J. B. Parnell and Mr. and Mrs. T. D. Garrett.

T. D. Garrett fell Saturday night and broke his left hip. He was taken to the hospital Monday where he is reported to be resting nicely.

LET MR. CROSS ANSWER

This district is witnessing a most remarkable race for Congress—or at least it is witnessing one side of such a race. Before daylight on December 29, 1939, our Congressman, Bob Poage, turned his Chevrolet car toward Washington to attend the Regular Session of Congress. Before the sun went down that day, the former Congressman, O. H. Cross, had announced his candidacy in opposition to Mr. Poage. This in spite of the fact that after Poage and given him the scare of his life in a six weeks campaign in 1934 the venerable ex-Congressman had publicly proclaimed the fact that he had reached retirement age.

In 1936 Bob Poage was overwhelmingly elected. He has represented this district diligently and ably since that time. However, during the entire four years the former Congressman has carried on a kind of guerilla warfare, sniped at Poage while the latter was carrying on his work. For the past six months Mr. Cross has been actively running for Congress. That he has not generated much enthusiasm is not due to his lack of effort. During this same time Congressman Poage has been on the job. He flew to Texas one time, spent one day in the district and secured for his constituents one of the 70 food stamp centers in the United States. It is evident that he is now needed in Washington, and he announces that he plans to stay there just as long as the need for his attendance continues. While Bob ignores his personal interest and works for the protection and peace of America, Mr. Cross is making a one-sided but very active campaign in the district. The people of the Eleventh Congressional District are entitled to know just what issues are involved.

In 1934, Mr. Cross urged the importance of "seniority" in Congress. He pointed out that any member's effectiveness depended on his "seniority." He urged that he (Cross) had six years "seniority" and that it would be a mistake to send a man NO MATTER WHAT HIS LEGISLATIVE EXPERIENCE, WHO DID NOT HAVE "SENIORITY."

Is it not fair to now compare the present "seniority" of the present contestants?

In 1938 Mr. Cross threatened to become a candidate for Congress, but after circularizing the district with a voluminous, bitter and unwarranted attack on Bob Poage, he decided that the response was unfavorable and he did not file his name. He did, however, try to give the impression that Bob was not on the job. He quoted from Mr. Poage's record of attendance in 1937. The year before Mr. Cross had been a member of Congress. It is not fair to ask Mr. Cross to give us his attendance record that year?

Mr. Cross is now stating that Bob Poage is not "heavy enough" to fill

the position he now occupies. He intimates that Bob can't get things done and that the district should send him (Cross) back to Washington in order to get things accomplished. Waiving the fact that Mr. Cross was a member of Congress more than twice as long as Mr. Poage, and certainly should be able to point to more than twice the achievements of the present congressman, it is interesting to know just what bills Mr. Cross ever passed or even had considered by a committee for that matter.

The News, therefore feels that Mr. Cross should be willing to answer three simple questions for the people of Central Texas. Here they are:

(1) Mr. Cross, just how much "seniority" would you have in the Seventy-seventh (next) Congress, if you should be elected? Please answer in number of years; we want an answer, not an alibi.

(2) Mr. Cross, just how many roll calls (and quorum calls) did you say Bob Poage missed at the regular session in 1937, AND, just how many roll calls (and quorum calls) did you miss at the regular session the year before? Just give the number you each missed. You have already tried to explain Bob's reasons, and you have plenty of opportunity to explain your own while Bob is still in Washington. We want to print the figures, not your excuses.

(3) Mr. Cross, just how many bills of any kind did you ever introduce that became law? Give the total number of bills which you introduced and got finally passed during your entire eight years, and cite the page in the Congressional Record showing final passage. We want the people to see the RECORD.

We have already sent a copy of the above to Mr. Cross at Waco by registered mail. We have requested him to answer the three questions propounded by next Wednesday noon (it shouldn't take that long for him to answer.) If he will give us the answers we will publish his answers on this page in next week's issue. If Mr. Cross does not answer, we invite any local friend of his to answer these questions.

The News thinks these questions are important and invites its readers to watch for the former Congressman's answers.

SHARP GYMNASIUM UNDER CONSTRUCTION

Construction work will begin shortly on the erection of a new frame gymnasium at Sharp, costing approximately \$5,000. It will be complete with hardwood floors, dressing rooms, bleachers and well equipped with plumbing and electrical work. The work is being done by NYA boys from the surrounding communities.

J. E. Johnson, local architect, drew the plans for the new building which will be completed by August 15th.

MR. CROSS "DID NOT CHOOSE" TO ANSWER

Last week, in this column of The Rosebud News, under the heading, "Let Mr. Cross Answer," The News asked three questions, and offered to publish Mr. Cross' answer here this week. A copy of the paper was sent to him via registered mail notwithstanding the fact that he is a subscriber, so he would be sure to have ample time to answer.

But he didn't answer. He didn't reply. In order to complete the story The Rosebud News will answer for Mr. Cross, according to the records in the Congressional Record.

Question No. 1.

Mr. Cross, just how much "seniority" would you have in the Seventy-Seventh (next) Congress, if you should be elected?

The answer: None.

Question No. 2.

Mr. Cross, just how many roll calls (and quorum calls) did you say that Bob Poage missed at the regular session in 1937, AND, just how many roll calls (and quorum calls) did you miss at the regular session the year before?

The answer: Poage missed 23. Cross missed 29.

Question No. 3.

Mr. Cross, just how many bills of any kind did you ever introduce that even became law?

The answer: None.

The News does not say that these three questions are the most important subjects in Congressional life, but they were considered important in 1934 by Mr. Cross, when he spoke long and loud for the man with the "seniority." And, when Mr. Cross tried to leave the impression that Poage was not on the job because he missed 23 roll calls he forgot to tell the people that on the previous year he (Cross) missed 29 roll calls, as shown by the Congressional Record.

About Getting Things Done.

Mr. Cross served eight years in Congress. During that time he introduced 27 public bills. None of them were ever given a committee hearing, and of course, none were ever acted upon. Nine of the bills dealt with the control of commodity exchange. Seven of them were identical the same, but were simply re-introduced each time. Eight of the bills were on the subject of money. Nine of these bills were for court reforms, and one was for Porto Rican independence. During that same eight years, Mr. Cross introduced 19 private bills for the aid of private individuals. Only one of these was ever passed out of the committee but the bill died in the Senate, and thus Mr. Cross did not have the honor of seeing any of his proposed legislation become law during his eight years in Washington.

During the same eight years, Mr. Cross made 29 speeches, fifteen of them on the subject of money. During his entire service in Congress he

never made a speech on the farm problem except as he may have referred to it in connection with monetary reforms or the control of commodity exchanges.

In contrast, we point with pride to the fact that many of the principles advocated by Bob Poage in his reverse tariff bill for the relief of farmers has now been incorporated into general legislation and the Department of Agriculture is looking with more favor toward the general principle advocated by Bob Poage, in his bill, which he introduced at the Second Session of his first term in Congress. Poage's bill (H. R. 6997) providing Federal Pensions of \$30 per month for everyone over 65 years of age and to the crippled and blind over 21, and providing that this money shall be paid entirely by the Federal Government without the heavy expense of case workers and state administration would have had a hearing before the Ways and Means Committee but for the pressure of defense legislation.

The bill has received national publicity and people all over the nation are for the bill. Poage's amendment to the 1939-40 Relief Bill (WYA) is now the law of the land, and it provides that WPA labor can be used on private land for soil conservation work, where there is a Soil Conservation District that will sponsor the project.

HARRY G. PERRY DIES SUDDENLY IN ROCKDALE

Harry G. Perry, 55, lifelong resident of Rockdale, died suddenly at 7 o'clock Thursday night at his home.

Friends in Cameron who saw Mr. Perry late Thursday said he complained of feeling bad but there was no previous indication that he was in ill health.

It was said here that a heart stroke was responsible for his death.

Mr. Perry was a member of a pioneer Milam county family and had been in the insurance business in Rockdale for 32 years.

He is survived by his widow; one brother, Sam Perry of Beaumont and a nephew, George Sessions Perry, noted New York writer.

Miss Lucille Seidl of Houston spent the week end with her parents at Burlington.

Milam Campaign Draws to Close

The political campaign in Milam County draws near close with only three speaking engagements.

Tonight the candidates go to Minerva and on Wednesday night a return engagement at Davilla where rain arranged for the Athletic Field. Business men through a petition circulated by Chas. Walzel asked the speaking be held on the Court House Lawn where for many years it has been the night before election day custom.

Up to noon today 145 votes had been cast in the poll. July 22nd was the date for the ballot to close.

Nick Gatoura of Austin visited in Cameron Monday.

Fred Josephs of Austin transacted business in Cameron Tuesday.

CHRISTIAN SCIENCE SERVICES

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 28.

The Golden Text is: "O God, my heart is fixed; I will sing and give praise, even with my glory . . . For thy mercy is great above the heavens: and thy truth reacheth unto the clouds" (Psalms 108:1, 4.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible "And it shall come to pass in the last days, that the mountain of the Lord's house shall be established in the top of the mountains, and shall be exalted above the hills; and all nations shall flow unto it . . . And he shall judge among the nations, and shall rebuke many people: and they shall beat their swords into plowshares, and their spears into pruninghooks: nation shall not lift up sword against nation, neither shall they learn war any more" (Isaiah 2:2, 4.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Eternal Truth is changing the universe. As mortals drop off their mental swaddling-clothes, thought expands into expression. 'Let there be light,' is the perpetual demand of Truth and Love, changing chaos into order and discord into the music of the spheres" (page 255.)

YWA MEETS THURSDAY

Judge Graham Gillis Combines the Best In Qualifications For District Judge

Judge Graham Gillis, candidate for reelection as District Judge is one of Texas' best known jurists and a native of Milam County.

Friends throughout the County point out with pride to the contributions he has made to the judgeship and to the community for his identification with social, religious and civic life and are pledging their support for his re-election because they believe he represents in experience and ability all of the qualifications necessary for this high place.

Judge Gillis has had many years experience as a lawyer and has served on the bench by invitation in some of the most important districts of the state. By training and by temperament his many friends point out that he combines all of the qualifications of one to justly discharge the duties of this high office.

Because of these qualifications and his friendly interests in the welfare of all the people he is receiving the support to which he is justly entitled, his many friends point out.

Bill Sharp of Davilla transacted business in Cameron Monday.

"There is no friend like an old friend"

In perilous times as these do you not think it would be unwise to make a change in the County Judge's Office?

"There is no substitute for experience."
